The customer accepts the following conditions for using the Bernese GNSS Software.

1. The AIUB is not responsible for the proper functioning of the Bernese GNSS Software on the customer computer.
2. Warranty for bugfixing is limited to bugs reported to AIUB within 12 (twelve) months after the purchase of the software.
3. If the customer did not pay the full multi workstation price he is only allowed to install the software on the corresponding number (one or two) of computers at the same time.
4. The AIUB is not responsible for the correctness of the results obtained by the customer with the Bernese GNSS Software.
5. Any liability of AIUB is strictly limited to damage as a result of gross negligence or misconduct of AIUB's employees. AIUB excludes to the extent permitted by law any liability is in particular not liable for any indirect damage such as missed income, loss of data, interruption of equipment/business etc.
6. The customer is not entitled to distribute the Bernese GNSS Software.
7. The integration of algorithms or modules of the Bernese GNSS Software into third party software is not allowed.
8. The customer may modify the source code of the Bernese GNSS Software for his own purposes. In that case the AIUB cannot provide the full support anymore.
9. The use of the Bernese GNSS Software shall be referenced.
